Shrish Gupta

Backend Engineer | Microservices | FastAPI | Distributed Systems

shrishgupta1234@gmail.com | +91 8178160448 | Noida , Uttar Pradesh | shrish | shrish0

Summary

Backend-focused engineer with experience in microservices and event-driven systems, skilled in FastAPI, REST APIs, and asynchronous processing. Built scalable backend services and real-time applications in production environments, with a strong foundation in distributed systems and system design.

Education

IMSEC Ghaziabad 2021-2025

B.Tech: CSE
CGPA : 8.44

Experience

Innostax Tech LLC September 2025 - April 2026
Software Development Engineer 1

Project 1: Document Processing & Analysis System (Microservices)

- Developed a FastAPI-based microservice for orchestrating distributed document workflows.
- Implemented secure uploads via pre-signed URLs for direct cloud storage access.
- Designed an event-driven pipeline using queues and serverless functions.
- Developed a multi-stage processing system for extraction, validation, and report generation.
- Handled high-volume document processing workflows using asynchronous architecture.

Project 2: Enterprise Communication & Sales Workflow System

- Contributed to a web-based communication platform enabling in-app calling and workflow management.
- Implemented real-time features (status updates, call events, notifications) using WebSockets.
- Supported admin dashboards for monitoring activity, sales tracking, and assignments.
- Improved performance via caching and API optimizations.
- Integrated third-party services for communication and notifications.

Maharshi Ayurveda pvt ltd Nsez plot 17-18
Intern July 1 - August 31 2024

- Built a **workflow management system** in ASP.NET MVC with role-based access and CRUD operations.
- Implemented **bulk data handling (ClosedXML)** and approval workflows to improve efficiency.

Skills

Backend
FastAPI | ASP.NET MVC | .NET | Django
●●●○○

Languages:
C# | Java | TypeScript | Python
●●●●○

Databases & Caching:
SQL Server | MySQL | MongoDB | Redis
●●●●○

Frontend
Vue.js, React, HTML, CSS, Tailwind
●●●○○

Tools & Practices:
Git | Agile/Scrum | Linux | REST APIs
●●●●○

Awards & Achievements

Brewing Codes 2.0
Runner-up position in **BREWING CODES 2.0** held on **5th-6th April ,2024** organized by **MUIT ,Noida** sponsored by **upgrad**
https://muitnoida.edu.in/EventView?cd_id=1088

YOUTH 4 FUTURE
First position in hackathon organised by **Maharaja Surajmal Institute** on 28th August in Janakpuri, New Delhi.
